Hi, Stan and Steve:

I am forwarding this to you (I already forwarded it to Bill) because it includes information from Headquarters on what they want to see (see Art Flaks email below).

Thanks,

Joe

Hi Roger,

I presume your write up covers the list below. If not, please modify and resubmit.

Thanks,

Subject: Call for FY 2016 additional regional pipeline site allowance funding needs

As we did last year, we have established a national reserve within the FY 2016 Pipeline site allowance to allocate to the regions based on regional workload needs, as well as regional and national priorities.

In this regard, please provide the following information for each project requiring additional funding:

1. Amount Requested for FY 2016
2. Site Name/OU/Action
3. How will funds be used?
4. When will the funds be obligated/expended?
5. Why this project cannot be funded within the region's FY 2016 Pipeline base allocation?
6. Are Special Account funds available to fund this project?
7. What is the benefit of the work to the Remedial Program (e.g., schedule acceleration)?
8. What is the impact of not funding the work (e.g., shelving a project)?
9. Will this create an additional FY 2017 funding need?

Please provide this information to me (and cc amy Vandenburg and kevin Hollingsworth) by **COB April 1**. Should you have any questions about this, please don't hesitate giving me a call. Thanks.
